

Hair Back[®] 2% Scalp lotion

Plus

GENERAL PRESCRIPTION FOR PROFESSIONAL AND RETAIL USE :
For best results, use and recommend the following, based on your professional analysis of your client's hair condition.

DESCRIPTION :

Hair Plus Back contains 2 % MINOXIDIL, the revolutionary ingredient widely discussed in the media as the only product that revitalizes hair.

Dermatologic research in many countries has shown that this ingredient acts on the hair follicles to stimulate hair growth and delay hair loss .

Hair Plus Back helps most cases of hereditary baldness and only in the areas of application. Regenerated hair looks and feels like normal hair. Four bottles are needed for the initial treatment of four months.

USAGE:

Use twice daily on healthy dry scalp , holding spray nozzle aimed away from eye and about 1 inch from scalp. Pump Spray apply 6 full spray actions, total 1 ml, to cover:

- Areas recently bald (less than 5 years).
- Areas with thin hair and "fuzz"!
- To a lesser extent, the surrounding areas of future baldness.

Massage scalp gently for 2-5 minutes with finger-tips using rotary motion, then wash hands with soap and water. Regular shampooing prior to use of **Hair Plus Back** is recommended to remove excess grease from the scalp and any normal powder residue from the lotion.

You should see first improvement at the end of the initial treatment of 4 months. For maximum results, usage for 8-12 months is required. To maintain improvement and prevent normal future hair loss, continuing usage is suggested.

CAUTION:

Not to be used internally.

Keep out of children's reach and away from heat.

Not for use on irritated or abraded skin, or by persons with a heart or blood pressure condition, or under medication.

Avoid getting into hands, eyes, eyelids, lips or mouth. Should contact occur, flush with clear water.

Discontinue use in case of rash or other allergic reaction.
